岸本斉史

Naruto has been going for four years already. And, if I do say so myself, I think I've worked pretty hard... So I thought to myself, feeling pretty good about it out on the porch. I'll keep giving it my best in year five!

—*Masashi Kishimoto, 2003*

Author/artist Masashi Kishimoto was born in 1974 in rural Okayama Prefecture, Japan. After spending time in art college, he won the Hop Step Award for new manga artists with his manga **Karakuri** (Mechanism). Kishimoto decided to base his next story on traditional Japanese culture. His first version of **Naruto**, drawn in 1997, was a one-shot story about fox spirits; his final version, which debuted in **Weekly Shonen Jump** in 1999, quickly became the most popular ninja manga in Japan.
